Education and Academic Positions

Westlake University *2021.04-Present*

Postdoctoral Fellow, Department of Physics, Mentor: Prof. Shi Liu *China · Hangzhou*

Pusan National University *2015.09-2021.02*

Ph.D. Nanofusion Technology, Adviser:Joonkyung Jang *South Korea · Busan*

- *Thesis: "Theoretical and Computational Investigation on Hydration Layer Probed by AtomicForce Microscopy."*

Zhongyuan University of Technology *2011.09-2015.07*

B.S. Polymer Materials and Engineering, Graduated with Honors, GPA:86/100 *China · Zhengzhou*

Research Experience

- **AI4Science, Classical Molecular Dynamics, ab initial MD, DPMD, DFT**
- Machine learning potential development and ion transport characterization of ternary high-pressure water-based lithium-ion wlectrolytes
- Machine learning potential development and polarization reversal dynamics in two-dimensional ferroelectric materials
- Molecular simulation on the phase, structure and dynamics of hydration layer
- Theory and simulation of spectroscopies of liquid/solid,liquid/air interfacial structure(sum frequency generation spectroscopy, Raman, IR)
- Phase behavior in confined system(design of super-hydrophobic surfaces)

Work Experience

"Computer Simulation with LAMMPS" , PNU Summer School *2018.08 / 2017.07*

Lecturer *Korea · Busan*

Institute of High Energy Physics Chinese Academy of Sciences *2016.06-2016.07*

Visiting student, Prof. Gao Xinfa's Group *China · Beijing*

Project Experience

1. Design and Development of Air-Stable High-Voltage Lithium Batteries, Funded by Future Industry Research Project of West Lake University (*2022.12-2024.12,200 RMB*)

2. Theoretical Study of Two-Dimensional Ferroelectric Polarization Reversal Characteristics, National Natural Science Foundation" (*2021.1-2023.12,24 RMB*)

3. Study on the Contact Mechanics of an Atomic Force Microscope Tip, National Research Foundation of Republic of Korea. (*2016.5-2018.4*)

4. Phase Transitions in Confined Systems,National Research Foundation of Republic of Korea. (*2015.5-2019.4*)

Awards

- Postgraduate scholarship, Pusan National University, Sep. 2015 - Feb. 2019
- BK21 scholarship , Ministry of Education,Republic of Korea, Sep. 2016
- Fully funded Ph.D. scholarship, National Research Foundation of Republic of Korea, Sep. 2015 - Feb. 2021
- National encouragement scholarship, Ministry of Education, P. R. China, Nov. 2014
- National encouragement scholarship, Ministry of Education, P. R. China, Nov. 2013
- Merit Students, Zhongyuan University of Technology, Dec. 2013

Presentations

1. Poster presentation "Phase, Structure, and Dynamics of the Hydration Layer Probed by Atomic Force Microscopy" , KCS-PyhsChem Summer Symposium. (*2019.7.8-10*)

2. Oral presentation "Dewetting Transition of Water Confined between Atomically Rough Surfaces", Japan-Korea Student Workshop: Hiroshima University and Pusan National University. (*2018.11.15-17,Hiroshima University*, Japan)

3. Poster presentation "Dewetting Transition of Water Confined between Atomically Rough Surfaces" , KCSPyhsChem Summer Symposium. (*2018-7.9-11*)

4. Poster presentation "Structure and Dynamics Study of Interface Water Molecules under Confinement", The 12th National Conference on Soft Matter and Biophysical Physics (*2022.10.29-30, Zhejiang · Wenzhou*)
